Website: www.thorsdroneworld.com / www.lifthor.com

## 2. Products: Mechanical Device Clamps for Tablets and Phones

| Product Name                            | Model / SKU | Description                                                                                                                                                  |
|-----------------------------------------|-------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------|
| XL Clamp with Tripod Mount              | SETTXL      | Adjustable clamp for large tablets. Primary construction is durable plastic with a CNC-machined aluminum bracket featuring an integrated tripod screw mount. |
| Universal Clamp (Phone or Small Tablet) | SETUN       | Compact adjustable clamp for phones or small tablets. Primarily plastic construction with metal reinforcement. Tripod-compatible base.                       |

## 3. Description

These mechanical clamps are designed to securely hold phones or tablets and can be attached to LifThor mounting systems or tripods via standard 1/4"-20 screw interfaces. They include adjustable width mechanisms and locking grips, and are made of high-durability plastic with aluminum mounting reinforcements. No electrical or powered components are included.

#### 4. Applicable Regulation

This declaration is issued under the sole responsibility of the manufacturer. The products described above comply with the safety requirements of:

- Regulation (EU) 2023/988 – General Product Safety Regulation (GPSR)
- REACH Regulation (EC) No. 1907/2006 (based on verified material compliance)

#### 5. References to Supporting Standards and Tests

- ISO 9001:2015 – Certified Quality Management System of manufacturers
- Internal quality inspection records (fit and grip testing)
- Mill certificate and surface treatment documents for aluminum bracket on SETTXL

#### 6. Manufacturer Declaration

We hereby declare that the products listed above conform to the applicable requirements and have been manufactured according to recognized quality and safety standards.
